### And What Have You

By BOB CRAIG

At the time this was written Monday it was not known how the legal fireworks were going in regards to the big "rock festival" scheduled for near Dickens this weekend. But one thing is for sure we have never seen anyone try to promote anything as unpopular as this thing has turned out to be.

Only if it is held, will we ever know if it is really as bad as the local people feel it is going to be. But regardless, we can easily see how they can be souped. You would have to look a long time to find a bigger contrast in types than those that would be attracted to such an event and the home folks.

If ever two worlds were to come together it would be when the people of this small rural community and the young people who attend the festival come together.

If you wonder why the promoters settled on Dickens as the site for the festival, it is because that is about as close to Lubbock as they could find anyone willing to lease them land (and it may be that they did not succeed there either). We have noticed in the weeklies around Lubbock where the citizens are passing out bouquets of congratulations to the various land owners who have turned the promoters down.

Normally, you would think that people would know when they were not welcomed and go somewhere else to have their festival but it does not appear to be the case this time. We do not quite understand what they are trying to prove, unless it is simply the fact that no one wants them anywhere.

One thing for sure, we bet that there have been a heck of a lot of people getting out their maps to find out where in the Dickens Dickens is.

Unless the postal strike is settled by this weekend the government's well planned Census '70 project is going to be in trouble. For the plans call for the census forms to be mailed out beginning Saturday, Mar. 28.

The idea behind using the mail this year instead of the usual method of the census taker carrying around the forms is to give the citizens more time to answer the many questions involved. In all of the larger cities the plans call for the forms to be returned by mail, also. Only time will tell just how this is going to work out if the strike is not settled soon. Even if the strike is settled by the 28th there will still be the problem of the tremendous backlog of undelivered mail.

But assuming you do get your questionnaire in the mail this weekend you will be asked seven questions about every person in the household and 13 questions about your dwelling. That is unless you are in the 20 percent, or every fifth household, that will be asked additional questions.

For the 80 percent who get the short form you will be asked the usual standard questions, but if you are in the 20 percent you will be asked about your schooling, employment, income and other related items.

In case you are worried about giving the government all of this information you can rest assured that your information as an individual is confidential. In fact, when the information is fed into a computer it no longer even carries a name and the questionnaires will be destroyed.

Just how important is this census? It is through this census that your representation in government will be determined under the "one man, one vote" doctrine.

Since we are in an area with a declining population it is doubly important that everyone be counted so that we can get all of the representation possible in our government.

And as for not wanting to answer all of the questions—remember that you can be fined rather heavily if you refuse.

THIS IS SPRING?—Spring officially arrived at 6:57 p.m. Friday, less than 18 hours before this picture was taken on Saturday. The snow started falling about 9 a.m. Friday and by evening some six inches had fallen. Here Tonya Drummond, daughter of Mr. and Mrs. Don Drummond, is joined by friends, Tony (left) and Daniel Truelove, in enjoying the snowman Tonya's father helped her build.

### School Still Seeking Information On Pre-school Youth

The school is continuing in its efforts to get names and ages of all children of pre-school age before Apr. 1. This information is necessary for the Projected School Census. Needed are the names of the children, their birth date, and if the family income is \$3,000 or less.

Forms may be picked up at the school or the one published in this week's paper may be used. These may be taken or mailed to the office of the school superintendent.

## JC Auction for Rehab Center Re-set Apr. 11

A new date has been set for the "City Wide Garage Sale" to aid the West Texas Rehabilitation Center, according to Guy Weaver, chairman of the Jaycee-sponsored event.

The event had to be re-scheduled for Apr. 11 instead of this Saturday Weaver said, because the goods to be sold at auction have not been given in sufficient

quantity to justify the sale at this time.

Weaver says, "We hope that with the pretty weather this week residents will be-

### BCD Banquet Re-set for May 7

The date for the annual Board of Community Development banquet was re-scheduled for May 7 at a meeting Thursday afternoon.

Dr. John C. Stephens, new president of Abilene Christian College, will be the speaker. Ben Barnes, Lt. Governor, who was originally to be the speaker had no open date before the time that school is out in May, Mrs. Ned Moore, secretary, said. The committee felt that the banquet needed to be while school was in session since the BCD will be using the facilities there.

The banquet will be at 7:30 p.m. in the high school cafeteria.

### Jaycees Seeking Sponsors for Vollyball Teams

Sponsors are being lined up for the some 40 teams to be entered in the annual Jaycee Community Volleyball Tournament. S. L. Knox, project chairman, is contacting merchants and others who wish to sponsor a team.

The annual tourney is one of two money making projects that the Jaycees sponsor each year to make payments on the Jaycee Community Building. The other project is the carnival staged in the fall.

Games will be played Apr. 2, 3, and 4 in the Hamlin Public Schools Gymnasium.

Milburn Wink is in charge of scheduling practice sessions for the teams in the gymnasium. Plans have been made to have the gym open Thursday, Friday, Monday and Tuesday from 6 to 10 p.m.

Team captains will be contacted this week to get their teams organized. A roster of teams will be compiled before the brackets can be made.

gin spring cleaning with the auction sale in mind. All useable items are needed."

Hamlin residents made a tremendous contribution through the annual Easter Seal Drive with \$3,270.00 being given. This figure was swelled this week by contributions from school children. In the primary building alone, first and second grades gave \$33.24. Elementary students in the third, fourth and fifth grades gave \$19.20. Contributions from the sixth, seventh and eighth grades in junior high came to \$13.00.

"The contributions to the Center from Hamlin have demonstrated a spirit of giving that makes us all proud," Weaver said. "But, he added, "through this auction sale people can donate things that might not have any value to them but would be readily purchased by someone else. This way the Center can benefit again by Hamlin's generosity."

Articles to be given may be taken to Feagan Oil Company, or in case of items too large for an individual to get to this location, the Jaycees will pick them up. Weaver, Mrs. Bill Feagan or The Hamlin Herald may be contacted for pick up.

The Jaycees will be assisted by members of the Beta Theta and Xi Gamma Phi Chapters of Beta Sigma Phi and their husbands in staging the auction in the Jaycee Community Building.

McCaulley is still a little wet after our small snow storm Friday. But everyone seemed to enjoy it. You could not walk safe around the school Friday in fear of getting smacked with a big snowball.

All track meets were called off because of our bad weather. The track meet at Rochelle has been called off until April 4 because of a seepage in their track field. But maybe it will stay warm and sunshiny.

All of the Jr.'s and Sr.'s are packing and getting everything ready to leave on our trip Thursday March 26 at 6:30 a.m. We want an early start. The Juniors and Seniors will drive to Austin and spend the night there, then drive to Corpus Christi Friday and stay there until sometime Monday March 30.

The sponsors for this year's trip are Mr. and Mrs. Bryon Allen Farris.

The Typing I, II, classes went to Sweetwater to the new Sweetwater Bank and Trust Monday March 23.

Mr. and Mrs. Gary Connally of Waco were weekend guests of their parents, the Charles Connallys and the Dwayne Stephens. They also came to see their new nephew, little Charles Edward III, son of Mr. and Mrs. Eddie Connally.

This recipe for applesauce cookies comes from Mrs. James E. Simmons who was hostess with Mrs. Joe Wayne Carter for the March meeting of Women in Concern when they served them for refreshments. This same recipe was used by the Home-making girls in preparing refreshments for open house earlier this month.

The cookies stay fresh and seem to improve in flavor when kept several days, she said.

Mrs. Winnie Hale and son, Goodwin Hale, of Crosbyton and Mrs. Alma Goodwin of Anson spent Sunday night and Monday of last week with Mrs. Hale's brother and his wife, Mr. and Mrs. W. W. Goodwin. Mrs. Alma Goodwin had been visiting the Hales and Mr. and Mrs. A. B. Hogan of Spur the last five weeks.

Mr. and Mrs. Tom Vecchio, Johnny and Kimberly spent several days last week with her parents and brother, Mr. and Mrs. Raymond Nichols and Raymond Jr. While vacationing here they also visited with Mrs. Rowena Jackson, Mrs. Cordie Nichols, Mr. and Mrs. J. M. (Pete) Scott and friends.

## Former Resident Learns Husband Is North Vietnamese Prisoners

Friends of Major and Mrs. Thomas Jerry Curtis will be interested to know that Air Force Major Curtis of Houston is one of the 218 American prisoners the North Vietnamese admit holding.

For four years and five months, Mrs. Curtis told her small son and daughter that their father was alive — and silently prayed she told the truth.

Whatever else the news did for Mrs. Curtis, it did not surprise her, however. Even though she had received no word from her husband, the Air Force had listed her husband as missing in action for 18 months and then listed him as a prisoner of war.

Mrs. Curtis, 32, a native of Hamlin, moved to Houston with her parents when she was 11 years old. Her parents, Mr. and Mrs. V. T. Stringer live there at 13105 Berwick.

Major Curtis, 37, does not know that his wife has returned to their home in Alexandria, La., and is substitute

teaching. The children, Tommie who is now 12, and Lorie who is now 8, wait too with great anticipation a letter from Major Curtis that they have been told is on the way.

Curtis was flying a helicopter rescue mission for a downed fighter pilot Sept. 20, 1965, when he was shot down over North Vietnam, his wife said.

It was 18 months before she received word from the Defense Department that he was believed to have been taken prisoner. "It takes a lot of faith in God, but we're so thrilled to know he's alive."

Now three years later, she receives a verification letter from the American Committee of Liaison, a pacifist group. The committee sent letters to relatives of 31 previously unconfirmed prisoners. The list was supplied by a North Vietnamese source and verified 218 among 1400 names about which the U. S. government had inquired.

## Tips On Preparing Land for Grass Sprigging Given

Land preparation for grass sprigging should be handled similar to land going back to cotton or grain sorghum depending on the type of soil and previous crop states Ron Richmond of the Anson Soil Conservation Service.

If the farmer or rancher knows the previous fall where he plans to sprig the grass seedbed preparation should begin then by using some tillage operation that would break up the soil. You would have the soil ready for any winter or spring rains. Then try to work in a trip over with a tandem disk to firm up the soil followed later on by another trip over to kill weeds. Now you are ready to sprig the grass and begin thinking about a sound fertilization and management program.

Excellent grass stands established last year where this type of seedbed preparation was used can be observed in the Hamlin area on Dale Lain, E. D. Perrin, Bill Sojourner and John R. Brown Jr. farms.

Establishment of permanent grass is one of the most popular conservation practices in Jones County with over 400 acres established last year with each farmer finding out that seedbed preparation is as important as any one thing.

Classes will resume at Hamlin Public Schools Tuesday, Mar. 31 after holidays

## Neinda Philosopher Kids Wall Street Experts On Their Solution to Big Traffic Jams

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One tackles or dodges, we can't tell which, a traffic problem. Dear editor:

I know that when a man is broke he's not very interested in talking about money and by the same token I have a feeling people are getting tired of reading about pollution and traffic congestion. Mainly they want something done about it immediately so long as somebody else does it, but I can't help reporting on a proposed solution to the traffic problem on Wall Street.

## Chemical Weed Control Meeting Set In Stamford

A chemical weed control meeting will be held in the City Hall in Stamford at 7:30 p.m. on Tuesday, Mar. 31, according to word this week from County Agent Kirby Clayton.

Fred Elliott, Cotton Specialist with the Texas A & M University Extension Service, will be on hand to bring farmers the latest information on weed control in cotton. Mr. Elliott will also discuss calibration of sprayers and use of granular herbicides for weed control.

All farmers are invited to attend.

this Johnson grass farm yesterday, some brain on Wall Street, noticing how much congestion occurs when 35,000 stock broker employees leave their offices at quitting time at 5 o'clock every afternoon, hit on the idea of letting them out half an hour earlier to beat the rush-hour congestion.

This makes sense. I'm in favor not only of quitting half an hour early when you can, I'm in favor of knocking off at noon on some days and not starting on others, but some Wall Street efficiency expert up there said, all right, if we let them quit half an hour early in the afternoons they'll have to start half an hour early in the mornings.

It's this type of thinking that makes me glad I'm where I am. If a man has to get up half an hour earlier in the morning to beat a traffic jam in the afternoon, in other words has to lose sleep to fight the problem, it seems to me the problem is the winner.

It's like the agricultural experts. They're always telling farmers how they ought to improve their pastures so

## Questionnaires for 1970 Census to Be Distributed By Post Office to Households Starting Saturday

Questionnaires for the 1970 Census of Population and Housing will be distributed by the Post Office beginning Mar. 28 to all households in this area, District Manager Richard R. Newton announced today.

Distribution of this form before the start of the house-to-house canvass gives the family a chance to assemble information about each member and about the house in advance of the census taker's visit. The District Manager urges all residents to fill out the forms and have them ready for the census takers when they start their rounds on April 1.

The form contains seven questions about every person in the household and 13 questions about the dwelling. The personal information asked for is: name, address, sex, color or race, month and year of birth, whether married or single, and relationship to head of the household. The information required about the dwelling is: number of rooms, cooking facilities, plumbing, if rented or owned.

Most of the questions are answered by filling in the proper tiny circle with a common lead pencil, making a "read" by Census Bureau machines. Residents should read the instruction sheet which will come with the questionnaire before filling it out.

The census taker will check the questionnaire to see that all questions have been answered and will give any assistance needed in filling it out.

A program will be held at 1 p.m.

Castleberry has sent reunion notices to present and former residents of the community. He says that if this year's event is not well attended, it may have to be discontinued.

HONORED BY GOODYEAR — Joe Hudspeth, left, was honored recently by A. H. Shafer, vice president of The Goodyear Tire and Rubber Company. He was elected to represent Goodyear tire dealers from this area at a Region Dealer Council meeting of Goodyear dealers held recently in Dallas.

## Joe Hudspeths Return From 7-Day Caribbean Cruise

Mr. and Mrs. Joe Hudspeth returned home Saturday evening after a seven-day Caribbean cruise aboard the MS Starward out of Miami, Fla.

The trip, sponsored by Goodyear Tire and Rubber Co., included approximately 450 persons from the United States, Canada and Hawaii. Some 200 dealers, chosen for their increase in sales, were accompanied by their wives and other Goodyear personnel.

Mr. and Mrs. Hudspeth were one of four Texas couples on the cruise.

On the itinerary were sight seeing tours of Antigua, St. Thomas and Nassau. Tours of these islands were made by motor car.

The Hudspeths made a similar trip with General Electric dealers last October when they went to Jamaica, also aboard the MS Starboard.

## Marvin Sapaugh Issues Statement In Bid for State Representative

"The 70's must become the decade of involvement on the part of the people," Marvin W. Sapaugh said in his political statement announcing his candidacy as a Republican for the office of State Representative, District 62, Place 2, serving Jones and Taylor Counties.

His statement follows:

"Texas and the Nation need that kind of government that can solve the problems of our rapidly changing society and preserve our personal freedom. So it is with urgency and a strong desire to serve and to have a part in the development of this type of government to meet the problems of the 70's that I have announced my candidacy under the Republican banner for the office of State Representative, District 62, Place 2.

"The time is past for concerned citizens to just sit back and verbally express concern and hope someone will do something. The 70's must become the decade of involvement on the part of the people who claim to love America and the foundations upon which our society was established.

"Competition, whether in athletics, business, or whatever always has motivated the best and encouraged the highest achievements, and so I feel the injection of this element into Texas politics through the involvement of a true two-party system on all levels will benefit the people of our great State. When people are not given a choice, they are being denied one of the basic privileges of living in a democracy.

"Problems of great concern to me and ones which I intend to work toward their solutions through the legislature are pollution, welfare reform, education, crime control, drug abuse control, development of water resources and fiscal responsibility. I believe government is not exempt from the laws of business, that is, that it cannot continue to spend recklessly year after year more than it can take in without overburdening its citizens with taxes and controls and destroying their faith in their government. Certainly the demand for funds is always greater than the supply, in which case a system of priorities must be evolved so that the greatest number of needs can be met to the greatest extent possible and within the means available. Also, another problem, not already mentioned, but one that affects us all, rich or poor, is inflation. I believe the fight against inflation should not be left to the Federal Government alone, for there are fifty state governments which spend together a tremendous sum of money, and if they would take their rightful spot in the battle against inflation then the people would much sooner see the visible results and feel the long awaited relief.

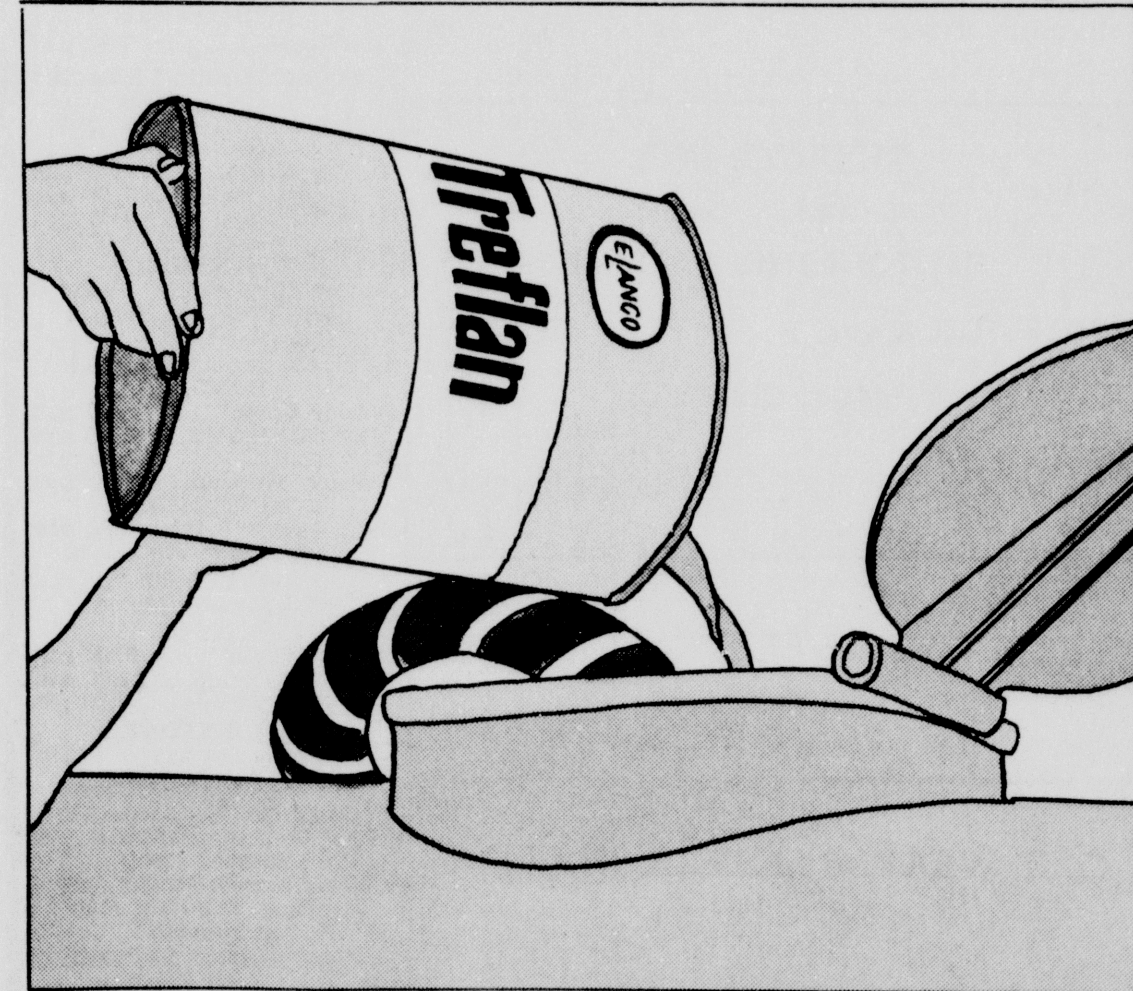

"I feel that I am qualified to represent the people of Taylor and Jones counties in Austin, and I solicit the support and encouragement of all citizens of the 62nd District who desire effective and responsible government."

News deadline is noon Tues.

**FROM THE FILES . . .**

**FORTY-FIVE YEARS AGO  
(March 27, 1935)**

Mr. W. L. Hodges, proprietor of the City Barber Shop has sold to Mr. W. M. Seymoure, of Brady. And right here the Herald will say that Mr. Seymoure is a single man and from all information he is a real barber and a good fellow. He will find Hamlin a delightful little city in which to live. As in all other lines of business the Herald wishes for him a great measure of success.

Mr. Hodges has been in Hamlin many years and has a host of friends here. He and his family will likely find a new home down in the coast country, probably near Robstown or at Corpus Christi. Wherever they go here is wishing them a happy and successful home and business.

It will be noted with interest that Hamlin at last is sitting pretty as regards designated highways. Just last week, the Herald man had the pleasure of going before the Highway Commission at Austin with Judge Calhoun and delegates from Rotan, Clairemont and Post to ask for a designation extending from Hamlin to Post City by way of Rotan and Clairemont. The present Commission seems anxious to extend all designations possible in this part of the state. There are other possible designations that will be granted this city. We will sometime get a state road thru to Aspermont and also from Sagerton through to Sweetwater. Every time a new road is opened or a state road designated through or from Hamlin it means better trade territory and a better country.

**TWENTY YEARS AGO  
(March 24, 1950)**

Hamlin's main thoroughfare, Central Avenue, is slated to be opened to automobile traffic after this weekend.

Oil primer base is scheduled to be applied Thursday and after a short lapse of time hot topping will be applied to afford passage after Monday.

It has been announced that the job of hot topping will be completed over all construction now being made and through traffic to the north will be permitted.

Membership and finance committee of the Hamlin Chamber of Commerce are instituting a drive this week for additional members and have set their quota at 50 new members of the organization.

Old and new businesses in Hamlin are being approached by members of the committee under the chairmanship of Edgar Duncan. The committee is made up of Onis Crawford, George Malouf, Harry Carmichael, A. Spencer and H. E. (Jake) Lawson.

Importance of the many projects to be undertaken by the chamber makes it imperative that a representative membership be enlisted and committee members report enthusiastic response.

**Stamford Lions  
To Sponsor WTRC  
Benefit Show Mon.**

The Stamford Lions Club is staging the "Tony Douglas Stage Show" for the benefit of the West Texas Rehabilitation Center in Abilene on Monday, Mar. 30. The show will feature Tony Douglas and his band, The Shrimpers, who are entertainers in their own right. The program will begin at 7:30 p.m. and will be held in the high school auditorium in Stamford.

The Stamford Lions selected Tony Douglas for this benefit because of his combination of talent and character. He has collected untold numbers of fans across the country because, as an entertainer, he possesses a tremendous talent and is truly devoted to country music, and as a man, he is respected by everyone who knows him and has truly earned the reputation of being "Mr. Nice Guy" through his belief, pride, and humbleness.

Admission to the Tony

Douglas Stage Show will be adults \$1.25 in advance or \$1.50 at the door, and children 75c advance or \$1.00 at the door. Everyone is urged to attend for a very entertaining evening with all proceeds going for a very worthy cause, the West Texas Rehabilitation Center.

Mr. and Mrs. I. R. Witt were in Lubbock over the weekend to be with his mother, Mrs. M. E. Witt, who is seriously ill in St. Mary's Hospital.

The Hamlin Pied Pipers baseball nine will engage in their first practice game of the season Monday afternoon at 4:00 p. m. when the Abilene High School team invades Hamlin.

The baseball team is under the tutelage of Coaches Burdit and Vernon Townsend and the nucleus of the squad is built around five lettermen. Lettermen are: Joe Allen Dean, John Holland, Don Rowland, Harold Johnson and W. T. Stapler.

The lettermen are supplemented by the following students with varying degrees of experience: Ronald Armstrong, Don Elmore, David Butler, Asa Goodgame, Donald Green, John Rowland and Franklin Willis. Other candidates for the team are: Robert Bonner, Jerry Briscoe, Jerry Carr, Garland Fletcher, Robert Fletcher, David Ford, Clark Hewett, Hub Hopper, Sonny Reynolds, Jerry Smith, Billy Sutherland and Guy Weaver.

Pitching mainstay of the nine is now Joe Allen Dean and indications are that the local school will field a nine that is comparable with that of the 1949 season.

**TEN YEARS AGO  
(March 24, 1960)**

Young men of Hamlin community organized a Junior Chamber of Commerce Friday evening in a meeting at the high school cafeteria and elected Jerry Howard as their first president.

Howard is personnel manager for the Celotex Corporation plant at Hamlin. Joe Ford was named secretary-treasurer, and other officers will be elected at a meeting this (Thursday) evening at 7:30 o'clock at the high school cafeteria.

Formation of the Hamlin Jaycees was the result of organizational efforts by the Stamford Jaycees that have been underway for several weeks.

A membership drive will be conducted following the Thursday meeting, Howard said.

Lewis Timberlake of Stamford, vice president of Region 5 of the Jaycees, was moderator of the session last Friday evening. He was assisted by Keith Wheatley and Sammy Davy, both of Stamford.

Present were representatives from Jaycee organizations at Anson, Stamford, Snyder and Abilene.

Celebrating the recent change in the name of the firm from H & M Tire and Appliance Store to Joe Hudspeth's, a special sale is underway at the same old stand of the Goodyear and GE store on South Central Avenue at Southeast First Street, according to Joe Hudspeth, owner.

The month-long sell-abration will be climaxed with giving away of a John Deere farm trailer and GE automatic dish washer on Saturday, April 16, Hudspeth announces.

**LOOKING HER BEST FOR**

Easter is a day of conquest . . . a day of new life . . . a day of beginnings . . . This is the day that our Saviour arose in a mighty triumph over the grave. This is a day of joy . . . a day to remember . . . a day to attend services in the church that our Lord loved so much, but even though we all want to dress up and look our best for this special day it is not the most important part, for God does not look on outward appearances, but looks on the heart.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# SUPPORTING YOUR TOWN

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a two-line space.

A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at the paper. This is the best possible town advertising. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town, but refuses to advertise his own, is not a valuable addition to any town. The life of a town depends on the live, wide-awake and liberal advertising business man."

P. S. How many new residents and out of town shoppers saw your name and business this week?
